

STANDARD CHANGE-MAKERS

MODULAR SERIES

REAR LOAD CHANGE MACHINES

The Best Technology & Construction in a Low-Cost Solution

Standard Change-Makers introduces the Modular Series Change machine, a big step forward in changer technology. The Modular Series combines Standard's high quality cabinet and component construction with our new *Smart Hopper* technology. All this in a low cost solution!

The Modular Series' *Smart Hopper* Technology allows programmability in the field without the use of any handheld device. All Modular Series machines have the Anti-Theft "Fast Vend Shut-Off" feature found on Standard's popular System 600-FST acceptors, that helps minimize loss due to stringing.

REAR LOAD MODULAR SERIES FEATURES:

- Bill Acceptor(s):** Coinco® Vantage (default)
MEI® (Mars), Cashcode® & Pyramid® also available
- Bill Stacker Capacity:** 500 Bills (default)
700 & 1000 bill stackers also available
- Hopper(s):** Galvanized Steel Construction with Tilting Base for easy Hopper Dump operation, without disconnecting power
- Hopper Capacity:**
One Hopper Models: 3,200 Quarters (\$800)
Two Hopper Models: 6,400 Quarters (\$1,600)
- Cabinet:** Solid-welded Steel (no rivets or spot welds), finished in high-gloss Powdercoat enamel paint
- Stainless Steel Faceplate**
- Graphics:** Scratch-resistant Lexan™
- Locks:** T-Handle "Slam Locks" with Ace™ plugs (default)
Medeco™ Lock Plugs also available

- **High Quality Construction at a Low Price**
- **MDB Serial Interface** provides more accurate communication between Hopper & Bill Acceptor
- **Switching Power Supply** generates less heat - which adds longer life and better performance
- **Programmable Smart Hopper** allows push-button functional programming without the need for a handheld device
- **Flash Code Error Display** - allows you to troubleshoot problems quickly and easily
- **Easy to Service** - Easy access to the Control Board, and easy serviceability in the field
- **Motor Driven Hopper** - no need for belts or chains
- **Two Year Limited Warranty**
